

HOMELINE[®] Product overview

The clever move

ZERO™ technology

LINAK uses ZERO™ technology to lower standby power consumption to just 0.1W. Our CBH control boxes and TWINDRIVE® motors with external power supply have low standby power as standard. Look for the ZERO icon to denote products that have low standby power consumption.

Maintenance-free products

You can expect quality in every detail. Every HOMELINE actuator system undergoes a 100% function test. New products are constantly put through an extensive series of tests. The HOMELINE actuator system requires no maintenance.

Maximum free space

A HOMELINE motor system is nicely tucked away under the bed. The systems are invisible in the bed design and designed to give maximum space underneath the bed for easy access to cleaning or space for storage.

Innovative solutions

LINAK continuously innovates to improve its standard. When we innovate, we offer the innovation as a standard feature available for all our HOMELINE® customers.

Both a box spring bed and a slatted bed can benefit from comfortable electric adjustment. LINAK HOMELINE® designs and provides complete modular actuator systems that fit effortlessly into leisure beds. Our HOMELINE specialists ensure compatibility on all levels, so you can get a complete system from one supplier.

Single actuator systems

It takes a high force actuator system to ensure a smooth and quiet adjustment of a box spring bed without limiting the choice of mattresses. HOMELINE single actuator systems have a high lifting capacity to ensure maximum flexibility.

CBH System

The CBH system is based on the compact control box CBH. The CBH is one product, but it comes in two variants. Choose the Basic version for a standard box spring bed with headrest and foot rest adjustment and where force is needed. Choose the Advanced version if you want to add further features and options like massage, light, Bluetooth® communication and apps.

- LA27 ACTUATOR**
- 6,000 N thrust
 - Smooth and quiet drive
 - Speed 11.5 mm/sec.

- LA31 ACTUATOR**
- 6,000 N thrust
 - Smooth and quiet drive
 - Speed 15.0 mm/sec.

- LA40 ACTUATOR**
- 8,000 N thrust
 - Low pleasant sound
 - High performance

- CBH BASIC CONTROL BOX**
- Compact, light weight
 - 2 channels
 - ZERO™ standby power consumption
 - High performance
 - Low pleasant sound
 - Constant speed

- CBH ADVANCED CONTROL BOX**
- Compact, light weight
 - Up to 4 channels
 - ZERO™ standby power consumption
 - High performance
 - Low pleasant sound
 - Constant speed
 - Integrated RF receiver
 - Parallel drive
 - Configurable
 - Possible to add Bluetooth® communication and to use an app

- HB10 HAND CONTROL**
- Easily operated
 - Ergonomic design
 - Simultaneous drive
 - Memory

- HC30 WIRELESS HAND CONTROL**
- Memory
 - Torch function and keypad backlight
 - Integrated metal plate for magnetic attachment to the bed
 - Bluetooth® communication

- BED CONTROL APP**
- Back/leg adjustment
 - Simultaneous drive
 - Turn on/off Under Bed Light
 - Up to 4 memory positions
 - Available for iOS and Android
 - Available in 7 languages

- SMPS001/002 ACCESSORIES**
- External Switch Mode Power Supply
- SMPS001 (230 V)
 - SMPS002 (120 V)

- SMPS006 ACCESSORIES**
- A universal external Switch Mode Power Supply
- SMPS006 (100-240V)

TWINDRIVE® dual actuator systems

An electric dual actuator is a unique integrated system that can perform two separate adjustments with just one unit. The LINAK® TWINDRIVE® dual actuators are designed for adjustable leisure beds. The very low built-in dimensions result in maximum free space underneath the bed.

TD4 STANDARD DUAL ACTUATOR

- Max. torque: 280 Nm
- Speed: 3.0 °/sec.
- Bluetooth® communication
- Integrated Under Bed Light
- Mechanical emergency lowering
- Mains cable strain relief
- Soft start/stop
- Speed control

TD4 ADVANCED DUAL ACTUATOR

- Max. torque: 280 Nm
- Speed: 3.5 °/sec.
- Memory
- Bluetooth® communication
- Integrated Under Bed Light
- Parallel drive of 2 beds
- Mechanical emergency lowering
- Soft start/stop
- Speed control
- Compatible with CBH Advanced
- Compatible with SMPS001/006

Bluetooth® is a registered trademark of Bluetooth Sig, Inc.

TD32

DUAL ACTUATOR

- Max. torque: 350 Nm
- Memory
- Speed: 4.0 °/sec.
- Massage
- RF communication
- Possible to add Bluetooth® communication and to use an app

TD33

DUAL ACTUATOR

- Max. torque: 350 Nm
- Memory
- Speed: 4.0 °/sec.
- Extra channels for single actuators or accessories
- RF communication
- Possible to add Bluetooth® communication and to use an app

Controls

BED CONTROL APP

- Back/leg adjustment
- Simultaneous drive
- Turn on/off Under Bed Light
- Up to 4 memory positions
- Available for iOS and Android
- Available in 7 languages
- Compatible with TD4 and the Bluetooth® Adapter

HB10 HAND CONTROL

- Easily operated
- Ergonomic design
- Simultaneous drive
- Memory

HB10 WIRELESS HAND CONTROL

- Easily operated
- Ergonomic design
- Switch on/off the under bed light via the hand control
- Wireless (RF or Bluetooth® based)
- Simultaneous drive

HC10 HAND CONTROL

- Simple and clean Scandinavian design
- Easily operated by both left and right handed persons
- Simultaneous drive

HC05 WIRELESS HAND CONTROL

- Small, compact design
- Easily operated by both left and right handed persons
- Wireless, Bluetooth® based

HC10 WIRELESS HAND CONTROL

- Simple and clean Scandinavian design
- Easily operated by both left and right handed persons
- Switch on/off the under bed light via the hand control
- Wireless (RF or Bluetooth® based)
- Simultaneous drive

HC20 WIRELESS HAND CONTROL

- Easily operated by both left and right handed persons
- Simultaneous drive
- Wireless (RF or Bluetooth® based)
- Memory
- Massage
- Torch function and keypad backlight

HC30 WIRELESS HAND CONTROL

- Memory
- Torch function and keypad backlight
- Integrated metal plate for magnetic attachment to the bed
- Wireless, Bluetooth® based

Accessories

SMPS001/002

External Switch Mode Power Supply.
Compatible with CBH variants,
TD1 280 SMPS and TD4

- SMPS001 (230 V)
- SMPS002 (120 V)

SMPS006

A universal external Switch Mode Power Supply.

Compatible with CBH Advanced and TD4

- A universal External Switch Mode Power Supply
- 100-240V

BA001 BATTERY BOX

- Battery alarm (audio)
- Battery charging indicator (LED light bars)
- Capacity 2.2 Ah/53Wh
- Nominal voltage 24V
- Mounting bracket for easy mounting/demounting

HOMELINE® accessories set your bed apart with unique value-adding features. Features ensuring differentiation and branding and at the same time, comfort and value for the end-user.
