

Bed Control App Data sheet

Bed Control App

Bed Control is an app developed for adjustment of leisure beds equipped with LINAK motors and the LINAK Bluetooth® Adapter or the TWINDRIVE TD4 system. The app features the same functions as our selection of hand controls and allows you to adjust your bed via your tablet or your smartphone. An onboarding flow will help the user get started and make the app fit for his/her bed. The app will graphically adjust to the connected product, e.g. when connected to the TD4 Advanced 4 memory positions will be shown on the screen. Customise the Bed Control App to reflect your brand.

Features:

- Can control the back, leg, neck and footrest up and down
- Simultaneous drive
- Control of massage
- Turn the Under Bed Light on/off
- 4 memory positions if supported by the product
- Works via Bluetooth® Low Energy Technology
- Available in 8 languages: English, Danish, Spanish, French, Italian, Korean, Swedish and German

Options:

- Customised look of the app (Background colour, logo and links)
- Tailor your own bed app with unique features using the LINAK Software Development Kit

Usage:

- Compatible with the LINAK Bluetooth® Adapter
- Compatible with the TWINDRIVE® TD4 series
- Compatible with newer iOS (min. 10.0) and Android (min. 5.0) based units.

Terms of use

The user is responsible for determining the suitability of LINAK products for specific application. LINAK takes great care in providing accurate and up-to-date information on its products.

However, due to continuous development in order to improve its products, LINAK products are subject to frequent modifications and changes without prior notice. Therefore, LINAK cannot guarantee the correct and actual status of said information on its products.
