Desk Panel DPF with display

Data sheet
The DPF1C desk panel is a perfect choice for a wide range of desks and workstations with a demand for a panel with height read-out. The hallmark of the DPF desk panel series is the modern design, which combines classic looks with intuitive, practical use. The up and down buttons have been made extra “user-friendly” as they are shaped “according to the function”, meaning the user can feel the differences and it is not necessary to look when operating the system.

The DPF has a display for height read-out in either cm or inches. The display switches off when not in use thereby saving power in standby mode. As an extra feature, the panel can be used for diagnostics as error codes can be displayed.

**Features:**
- Up and down drive
- 3 memory positions in DPF1C
- Display with white LED
- Colour black (RAL 9005) plastic, front cover and buttons or white (RAL 9016) plastic, front cover and buttons. Both versions with chrome print
- Black cable with modular jack plug, 1700 mm (+/-70 mm) straight
- One reference (one system)

**Options:**
- “DPF4T” - Multi reference DPF for controlling up to four references on a CBD (e.g. height of the desk and screen adjustment)
- “DPF1D” - with only display and up/down drive
- Different ways of mounting – straight or angled mounting bracket (to be ordered separately)

**Usage:**
- Ambient temperature +5 °C to +40 °C
- Compatible with DESKLINE® control boxes
- Approved according to EN 60335-1 and UL962

Dimensions: (DPF1D with display and up/down drive)
Mounting of the DPF:
The DPF must be mounted via a mounting bracket. The mounting bracket comes in 4 different versions depending on how the panel should be mounted. Below are some examples on ways to mount:

Example 1: (Article number 914759)
The panel is mounted with a 90° bracket and placed closed to the tabletop.

Example 2: (Article number 914757)
The panel is mounted with a 90° bracket and placed with a distance to the tabletop.

Example 3: (Article number 914760)
The panel is mounted with a 45° bracket and placed at the edge of the tabletop.

Example 4: (Article number 914785)
The panel is mounted with a 45° bracket and placed on a tabletop with angled front.

To mount the panel: Just click the panel into the bracket and it is fixed.

Ordering example:

```
DPF 1 C 0 0 - 0 1 2 0 0 6
```

- **Cable:**
  - 6 = 1700 mm (+/-70 mm) straight cable with modular jack

- **Height unit:**
  - 0 = cm - default 68 cm
  - 1 = inch - default 24.5"

- **Housing colour:**
  - 0 = Black (RAL 9005)
  - 2 = White (RAL 9016)

- **Display colour:**
  - 2 = White display

- **Front cover:**
  - 1 = Black with crome print**
  - 2 = White with crome print**

- **Mounting***:
  - 0 = No bracket

- **Version:**
  - 0 = Standard

- **Standard:**
  - 0 = Standard

- **Type:**
  - C = Up and down with display and memory
  - D = Up and down with display
  - T = Up and down with display, memory and toggle function

- **Channels:**
  - 1 = One reference only
  - 4 = 4 references (up to)

---

* Brackets must be ordered separately.
* Mounting brackets: (delivered in bags with 100 pieces)
*** The front cover colour is always the same as the colour of the housing.
