

Hand Control HC10 Eco Data sheet

HC10 Eco

The Hand Control HC10 Eco has a shell cast in a composite material consisting of 50% wood and 50% polypropylene. This combination gives the HC10 Eco a unique natural look and feel. On top of that, the HC10 Eco combines ergonomic design and functionality into a user-friendly hand control with big intuitive buttons and without any annoying cable.

The HC10 Eco is, as the other HC10 remote controls, developed for adjustable comfort beds with standard systems with back and leg adjustment and the option of simultaneous drive.

Features:

- Hand control controlling 2 channels
- Simultaneous drive up and down
- Housing of 50% waste wood from sawmills using PEFC-certified trees
- Natural standard colour with authentic sustainable aesthetics (can be dyed)
- Long-life batteries included. Battery lifetime at normal use of 1 minute per day is about 10 years
- Button for Under Bed Light
- Battery CR2032 (replaceable)

Options:

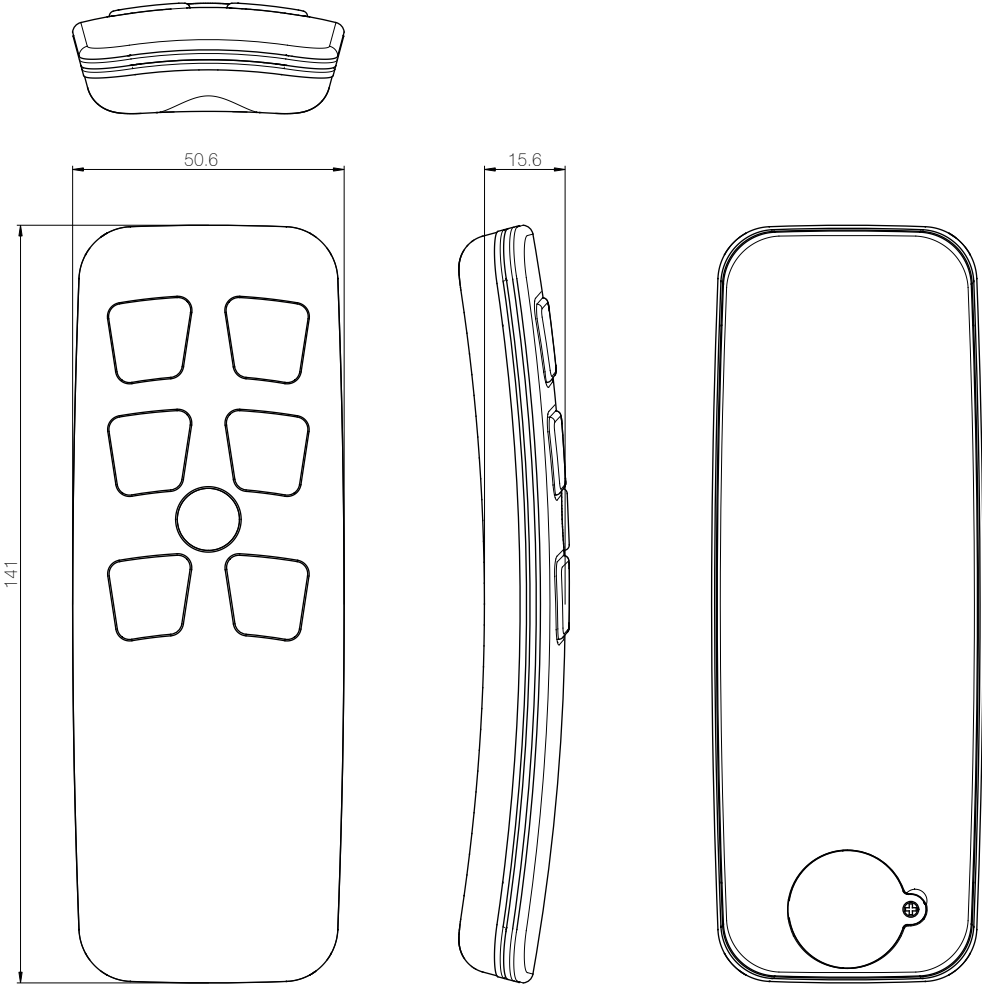

Customised laser engraving on cover

Usage:

- Ambient temperature 5 to 40 °C
- Compatible with LA18 IC, TD4, TD5 and Bluetooth® Adapter.
- Approved for the European market (if you need information about other markets, please contact the Technical Support team)
