

ELEVATE™ Power Supply for cobot-palletizers

Data sheet

ELEVATE™ Power Supply Unit

The ELEVATE Power Box is a complete solution with 24 V power supply and safety relays.

The box is designed to offer a plug-and-play solution, tailored to the ELEVATE lifting column. This ensures fast commissioning, and frees up time to refine your cobot palletiser.

The ELEVATE Power Box comes in either an ABS or steel enclosure. It is compatible with the ELEVATE Easy, PRO and Modbus versions.

For more information about the ELEVATE lifting column, please visit LINAK.com

Technical data:

- Input:
 - Voltage range: Single-phase, 85 to 264 VAC
 - Frequency: 50/60 Hz
- Output:
 - Rated output current: 20 A
 - Rated output electric power: 480 W
- Overload protection: 130%
- Recom. operating temp.: +5°C to +40°C
- Recom. storage temp.: -40°C to +70°C
- Including safety relay unit G9SE-221-T05 DC24 for secure operation

Features:

- The ELEVATE Easy and Modbus lifting column can be operated manually, by adding a HB71 hand control (not included)

Specifications subject to change without prior notice.
It is the responsibility of the product user to determine the suitability of the products for a specific application. LINAK Denmark will at point of delivery replace/repair defective products covered by the warranty if promptly returned to LINAK Denmark. No liability is assumed beyond such replacement/repair.
